As always, order early on the specials. Many of them are one-of-a-kind. The specials tend to move very quickly.

Special #1 Scott #1615Cf imperf line and gap strip of 6 with Brownsville, IN Bureau precancel. This is the scarcest precancel on this major error. This strip of 6 has both the joint line pair and the gap pair in the precancel bars. Rare and possibly unique in this combination. **\$3500**

Special #2 Group of 50 retired APS circuit books containing different worldwide countries. These came from the estate of a deceased collector. I thought his prices were out of line which is why these books are still mostly filled. People selected a few stamps from these books, but not many. These were returned to him before he died. The best book was a group of mostly early Switzerland. His price was \$400. My price is \$100. There is early Belgium, Denmark, Austria, Iceland, British Commonwealth and South America books too. **\$600 for the group**

Special #3 Group of 8 Berlin booklets. Scott #9N552A (2 copies), #9N391c (2), #9N317a (3), #9N391D (1), and one DDR #R49849. Cat value is \$115. **\$45**

Special #4 Ireland, group of mostly NH and a few LH with some used issues too. Most are early issues. \$570 cat value. Light duplication. **\$145**

Special #5 Austria group of mint and used issues. Light duplication. Mostly early material. \$163 cat value. **\$75**

Special #6 Great Britain Group of 22 modern booklets. Most are Machins. Different booklet covers. Cat value \$75. **\$30**

Special #7 Switzerland. Group of mint and used issues. Mostly early issues and semi-postals. Light duplication. \$450 cat value. **\$195**

Special #8 Priority Mail size box with wholesale selection of primarily mint US. Most of the material is between Scott #500 and #800. I saw 3 MNH copies of #232. Set of NH Prexy plate blocks. Parks, Farley's, Washington Bicents, 2 cent reds. Partial panes of #654, 702, and 703. There is duplication, but not heavy. Most are mint singles or coil pairs. There are some plate blocks, mostly in the Scott #700s era. Good lot for someone on eBay. **\$400**

Special #9 Australian States collection on homemade pages. I counted \$7150 cat value in material mostly \$20 and above. Total catalog value is in the range of \$8000. Most of the material is used. There are a few mint copies. No space fillers, but expect small faults on some of the material (missing perfs, moderate cancels, etc.). Centering is about AVE to Fine. The best items were Victoria #3 (\$450) and South Australia #1 (\$500). Plenty of other \$50, \$100, and \$200 singles and sets. Not complete and it is missing the most valuable material. Stamps per state are: New South Wales (30), Queensland (44), Tasmania (55), South Australia (52), Victoria (63), and Western Australia (41). There are a few uncounted stamped envelopes too (mostly mint). Given condition and centering, this is a major head start on collecting Australian States for **\$2500**

Special #10 Ascension collection. Mostly mint, hinged copies (few used) on quadrilled pages. There are 110 stamps up to about 1970. Only a few copies are missing. There is \$1000 cat value of better material, but that includes a few (about \$200) hinged stamps that should be NH. Great start to the early issues of this country for **\$425**

Special #11 Aden collection. Mostly mint and a few used issues on quadrilled pages. The catalog value of the better material is over \$600. However, all of the mint stamps are hinged, and the catalog values are for NH. There are about 50 stamps from India prior to 1937 that have postmarks from Aden. Most of the stamps from Aden and its states are present. There are a few missing items. **\$100**
