## As always, order early on the specials. Many of them are one-of-a-kind. The specials tend to move very quickly.

Special #1 Scott #1047, the Monticello stamp from the Liberty series. Full MNH pane of 100 with UR plate #26256. The bottom three rows of stamps (rows 8-10) are Fine with the perfs showing in the white margin, but touching the bottom of the stamp design. Rows 6 and 7 show traces of the horizontal perfs in the white area. Rows 1 to 5 has the horizontal perfs just into the bottom of the stamps. The top 5 rows of stamps, because of the placement of the horizontal perfs, appear to be horizontally imperf between errors. Of course, they are not. You have to look closely to tell that the horizontal perfs are still there, just shifted into the stamp design. About 95% of the UR plate number is contained inside the UR stamp I decided to keep this possibly unique pane intact and not break it up into the plate block and pairs. Interesting conversation piece! \$225

Special #2 Germany (Berlin) Scott # 9NB3a MNH souvenir sheet. Scarce to find this nice. \$725

Special #3 USPS 1968 commemorative mint set. Catalog value \$150. \$50

Special #4 USPS 1970 commemorative mint set. This is the rarest one to find. Catalog value \$300 \$85

Special #5 Small group of 22 Canadian booklet stamps. Most of the booklets are from the 1990s with Christmas stamps for international rates to the US. The denominations are mostly in the 40-60 cent range. Total face value is \$88. \$55

Special #6 This is one of the most unusual items I ever handled. I have a very thick round mailing tube about 18 inches long from the Vatican. The mailing label has been removed. It is marked airmail and cancelled Nov 10, 1952. There are two copies of #C21 (\$20 cv each). One copy #C16 (\$10). One copy #44 (\$12). One copy #122 and #123 (common). However, it has a full, used copy of the scarce #155a souvenir sheet (\$160) that looks like there is a tiny hole on the side of the sheet (staple hole?). Better than ordinary stamps. However the stamps are lightly toned because they have been on this mailing tube for so long. Catalog value of the stamps is \$222. Imagine what important document must have been carried in this mailing tube that was airmailed to Pittsburgh, PA. Very unusual conversation piece for your collection! \$80

Special #7 Group of ten #10 size covers. Set of perforated National Parks (740-749). Seven of them are FDCs. For some reason, the 740, 746, and 747 covers are not FDCs. Addressed and no cachet. Typical light discoloring from age and light wear. \$10

Special #8 Scott #1338F left side block/50. MNH with some light black (mount?) adhesions on the gum side. The block is 5 columns wide by 10 rows high. The left side has a straight edge. Printed on the Huck press, there are blind perfs between columns 2 and 3 and between columns 4 and 5. In short, the printing press had columns of retractable perf wheels for wider commemorative stamps. These wheels were disengaged for commemorative stamps. They were supposed to be engaged for smaller, regular issue stamps. In this case, the second and fourth vertical perf wheels did not fully engage. This looks like twenty copies of imperf between pairs. However, if you hold the partial pane to the right angle with a light, you can see traces of perf dimples where the perfs were supposed to be. These are freaks, not errors. Still a striking appearance! The UR pair of the partial pane has a small piece of amber colored pair adhered to the face of the stamps. I thought this was more impressive as a partial pane/50 than to break it into pairs. \$150

Special #9 Used copy Scott #834 with dramatic shift of vignette to about the 11:00 position and well into the upper left corner. Top of Coolidge's head just touches "United States". Very difficult to find a black ink shift of this magnitude on the Prexy dollar values. \$95

Special #10 Used copy Scott #832 with black ink shift to the right. Wilson's head touches the right frame. \$10

Special #11 MNH Scott #1856c, horiz pair imperf between \$5

Special #12 MNH Scott #1520b imperf strip of 4. \$50

Special #13 MNH Scott #1895d strip of 4. \$10

Special #14 MNH Scott #1618b imperf pair \$15

Special #15 MNH Scott #2609a imperf pair \$10

Special #16 MNH Scott #2609a imperf strip of 4 \$20

Special #17 MNH Scott #2603a imperf pair \$15

Special #18 MNH Scott #1455 single with vertical perfs shifted left about 8 mm causing "change of design" with the "8" on the left side. \$20

Special #19 MNH Scott #829 with dramatic underinking. Design barely recognizable. \$25

Special #20 MNH Scott #1008 NATO issue with overinking. Few perf seps in the block and a light crease. \$15

Special #21 MNH Scott #2280 coil pair with ink starved red ink well. Red flag stripes are very weakly printed \$20

**Special #22** MNH horizontal strip of 4 of Scott #1735 (A Eagle). Vertical perfs are normal. The horizontal perfs are slightly diagonal and cut the stamp design in half. The left stamp is at the top of the "A". The right side has the perfs at the top of the Eagles head. Very dramatic shift. **\$80** 

Special #23 MNH pair Scott #1735. Same as Special #22, but less dramatic as a pair. \$15

Special #24 MNH Scott #1735. Same as Special #22, but less dramatic as a single \$8

Special #25 LH Scott #319 with diagonal paper fold in UR corner with large unprinted area. \$15

Special #26 Used horiz pair Scott #307. Straight edge at bottom. Large 2 mm wide diagonal preprinting paper fold through both stamps. \$15

Special #27 Used horiz pair Scott #94 with 2 mm. wide preprinting paper fold on left copy. Also, the vertical perfs are shifted 5 mm. to the right. Both copies have a fancy negative "H" circled cancel. \$25

Special #28 Used Scott #65 with 1 mm. vertical preprinting paper fold. \$10

**Special #29** LH Scott #504 with enormous 6 mm. diagonal preprinting paper fold. Slightly diagonal through stamp. Washington's face is on the left of the paper fold and the rest of his head and hair are on the right of the paper fold. Rare to find a paper fold of this magnitude. \$75

Special #30 MNH Scott #E12 with 3 mm. diagonal preprinting paper fold. Unfortunately, someone tore off the lower right corner of the stamp! A damaged copy, but still interesting \$5

Special #31 MNH Scott #499 with large unprinted area in UL corner of stamp from extraneous piece of paper that fell on the stamp prior to printing. \$25

Special #32 MNH Scott #267 with bottom half of stamp unprinted from paper fold. Bottom of stamp has wrinkles from fold. \$40

Special #33 MNH Scott #657 with large 4 mm. diagonal preprinting paper fold in lower left corner. SE at right. \$25

Special #34 Scott #5799 Endangered Species pane. Sold out at the USPS and not everyone got one. I found a small supply. \$20 for a pane

Special #35 Great Britain, Scott #1, Penny Black, F-VF copy that is sound in presentation album. \$165

Special #36 Great Britain, Scott #1, Penny Black, from plate 1a with light cancel. F-VF\$225

Special #37 Spain, Scott #CB17 LH, nibbed perf in corner \$145
